# NATIONAL RECOGNITION

Injiya's unwavering commitment to purity and excellence has earned recognition from esteemed figures like the President of India, Smt. Droupadi Murmu, and the Chief Minister of Madhya Pradesh, Shri Shivraj Singh Chauhan. As pioneers in organic stevia, Injiya proudly holds the prestigious National Award, signifying our dedication and pivotal contribution to a healthier India. It underscores the trust and admiration we've garnered nationwide.

# ABOUT US:

Welcome to Injiya Stevia, the premier brand by Agadyati Herbs and Food Pvt. Ltd., where quality meets authenticity. As leaders in India's organic stevia market, we prioritize excellence and innovation.

At Injiya Stevia, we embody nature's sweetness through our commitment to purity. From cultivation to your shelves, our organic stevia undergoes meticulous care, ensuring each leaf embodies organic perfection.

Our dedication starts with the soil, using only natural, organic fertilizers to nourish our plants. We're proudly certified organic, guaranteeing the highest standards of purity and authenticity. Our products offer natural goodness, free from additives or harmful chemicals.

With a skilled team of over 450 farmers, we uphold quality and sustainability. Discover the unparalleled sweetness of Injiya Stevia - where each leaf tells a story of dedication, purity, and organic excellence.

# SWEETER FACTS

## WEIGHT LOSS

Stevia, a zero-calorie sweetener, helps manage weight by reducing sugar intake and curbing cravings, making it highly effective

## DIABETIC FRIENDLY

Stevia is a natural blood sugar regulator, providing a safe and effective sweetening option for those with diabetes.

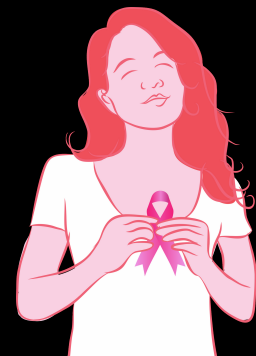

## LIVER HEALTH

Stevia is effective in supporting liver health due to its chemical-free processing and the presence of powerful antioxidants.

## HEART HEALTH

Stevia's benefits for heart health include reduced sugar consumption and lower blood pressure, contributing to overall well being.

## PREVENTS CANCER

Stevia is known for its antioxidant properties that contribute to cancer prevention, promoting better health and well-being.
